

NON-AROMATIC BLENDS

BLEND #114

Pkt. Size. 7 oz. 14 oz.

A combination blend of #71 and Bishop's Move. By marrying cube cut pressed dark Burleys with the rich English type blend Bishop's Move, we feel we have gained the smoker whose taste leans towards Turkish, Lemon Virginia, Latakia and Perique... but is not quite ready for the English Mixtures. If you like Bishop's Move but find it's like eating Porterhouse steaks every day, we suggest you try Blend #114 during the daytime and save Bishop's Move for evening smokes.

BLEND #44

Pkt. Size. 7 oz. 14 oz.

A light Virginia Flake blend with that trifle natural sweet, woody taste. Don't pack too tightly...pack spongy and tamp during your smoke. An easy blend to smoke...feels on the dry side...it should be this way. Experiment mixing Big Dipper Blend with #44...one part Big Dipper and 2 parts #44...it's a real treat. When you feel you want just a little more of an aromatic taste...leave it alone...that's exactly enough aromatic...always want a little more but never reach the climax of your aromatic taste.

BLEND #00

Packed only in 14 oz.

We buy an enormous amount of AA White Highland Burley. By being a large account, we definitely demand light brown, rich, oily, medium thin leaves. Blend #00 is entirely AA White Highland Burley...an outstanding retail value for you and because it is such a large seller, it helps us maintain a communication with our seller...he will give us the best to satisfy us. Should you tire or lose taste of your favorite blend, let us suggest you smoke a bag of #00...it is a very plain honest to goodness blend...when you feel your want for a more interesting blend is back, you will then be ready to return to richer and more exciting mixtures.

GOLDEN SHAG BLEND

Pkt. Size. 7 oz. 14 oz.

Take your classic trinity of English blends - Latakia, Perique, and Turkish - and add Virginia and a bit of fire-cured Black Cavendish. What results is a signature blend with layers of depth and taste, all the while maintaining the hallmark of consistency.

BISHOP'S MOVE BLEND

Pkt. Size. 7 oz. 14 oz.

Finest long cut blend of tobaccos we manufacture. The base is Monopoly Turkish plus Golden Virginia, Syrian Latakia and a wee bit of Perique. You'll want to smoke it all day...may we suggest you keep it for evenings, Sundays and Holidays and smoke blends such as #71, #303, #232 or #44 during the working hours.
